	Agency's key messages	<ul style="list-style-type: none"> Feedback has been taken on board This is to meet agency's target and improve efficiency We have been able to reduce the impact on affected staff through holding vacancies, offering early redundancy, and retaining additional roles in some business units. Affected people will be able to apply for roles that have become available through the change process as well as existing vacancies that have been held during the change period. These roles will be advertised internally from today.

	Overview of announcement	Decision on change proposal after consultation period. Note: this decision process remains live and Customs will not make final decisions and communicate this with their staff until Monday 20 May 2024. If there are any substantial departures from what has been proposed up until now, we will flag with your Office on Monday afternoon in an out of cycle update.
	Rationale	We are proposing this change to meet the savings targets set by Government and manage the increasing cost pressures we face over the next few years. To carefully consider where changes could be made to our structure and workforce so we can become more efficient and effective, while ensuring that we continue to deliver the Government's priorities without impacting our ability to deliver frontline services.
	Impact on roles decided	As of 11 May, as final decisions have not been confirmed to PSC: 78 positions to be disestablished through this change process, in addition to 33 from the voluntary redundancy and early retirement process through March 2024 (total of 111). Out of the 78: <ul style="list-style-type: none"> 40 are existing vacancies

Note: This report is based on current available information that is subject to change

		<ul style="list-style-type: none"> 38 redundancies <p>Proposing to establish 32 new positions to help deliver services more effectively and efficiently. This means there could be <u>as few as 6 redundancies</u> if all 32 are filled by existing staff members.</p> <p>Cumulative impact of 79 fewer positions overall (including voluntary redundancy)</p>
	Tier 2 and 3 roles within scope?	T3 not in scope; T2 is in scope as the position is already vacant

	Agency's key messages	<ul style="list-style-type: none"> We have tried to reduce costs by other means, however, these combined savings measures to date are not enough to manage the cost pressures we face. This means we now need to carefully consider where further changes could be made in relation to our structure and workforce so we can become more efficient, while ensuring that we continue to deliver the Government's priorities without impacting our ability to deliver frontline services.
